Active Plus are a Disability Confident employer and the winner of the Beacon Inclusivity Award 2022. Active Plus pride themselves on providing a safe and non-judgemental workplace. We welcome applications from all members of society. Please let us know if you require this job description in an alternative format.

Active Plus utilises the skills and experience of wounded, injured and sick military veterans who work across the community inspiring and motivating people to be the best version of themselves. Through a variety of group and 1:1 intervention Active Plus helps people to move forward in their lives, develop resilience and embrace change.

A two-year test and learn demonstrator scheme across Cornwall and Isles of Scilly was co-designed to meet the needs of the Armed Forces Community. The scheme has been evaluated and shown to support the health and wellbeing needs of this population as well as address a range of determinants such as employment and social isolation. The Armed Forces Community Social Prescribing Link Worker (AFC SPLW) programme aims to build on the current demonstrator programme, which will target the Armed Forces Community(AFC) (veterans, their families, carers, and serving personnel) across Cornwall and the Isles of Scilly (CloS). Two AFC SPLWs will be employed to cover East and West of CloS working across all three Integrated Care Areas.

The AFC SPLW role aims to be the 'connector of connectors,' providing tailored AFC support to the existing Social Prescribing workforce, other professionals, and offering direct 1-2-1 support to AFC members with a range of health needs and those experiencing complex and multiple vulnerabilities.

The funded AFC SPLWs will work with individuals to plan personalised care packages, secure funding, identify and navigate appropriate services, act as advocates, and ensure engagement with agreed services. They will also work to upskill the existing workforce with support from a standardised AFC training package and increase the number of veteran aware organisations such as GP practices.
