

# Are you aged 60 or over?

**Have you have ever experienced or witnessed domestic abuse and/or sexual violence?**

**Would you like to help improve services?**

Age UK Cornwall and The Women's Centre Cornwall are working together to learn more about the experiences of older people across Devon and Cornwall.

Within a safe and confidential environment, we are here to listen to how we can make domestic abuse support services work for you and other people over 60.

To find out more about what we are doing and/or how to take part, please contact us by emailing [OPP@ageukcornwall.org.uk](mailto:OPP@ageukcornwall.org.uk) or by calling 07436 589679 and leave a message and we can call you back.
